choice

The increasingly growing concern about safe and compliant production has motivated all FW facilities to become socially accountable, socially responsible, and **WRAP** certified (Worldwide Responsible Accredited Production). In addition to abiding to the **12 WRAP** principles, FW ensures that all internal & external partners participate in efforts to reduce any negative impact on our environment. FW has also substantially improved all its fabric processes; from growing cotton, to dyeing fabric and development of innovative eco-friendly fabric blends.

FW is proud to offer a wide selection of eco-friendly products such as **Bamboo blended fabrics** and organic cotton headwear.

Color accuracy statement

Although we do our best to make sure that the colors printed in this catalog are accurate, actual colors may vary. **Fersten Worldwide** makes every attempt to offer a perfect representation of the available colors for each product sold. In order to guarantee your color selection we strongly recommend that you take advantage of our **Free Sample Program (FSS)**. Subtle color differences may occur from dye lot to dye lot, as well as fabric to fabric due to textures and fabric treatments.

Logo statement

All imprints, logos or trademarks displayed in this catalog and on www.fersten.com are for illustration purpose only. These products are not offered for sale with any organization's logos except with their expressed authorization and written permission.

PRICING ACCURACY STATEMENT

Although every effort has been made to ensure the accuracy of information in the catalog, customers should note that prices are subject to change without notice. We strongly recommend that you verify prices by visiting www.fersten.com as the website is the best source for most up-to-date information and prevails over the 2018 catalog. FW reserves the right to change product specifications at any time without incurring any legal obligations. The 2018 pricing is effective as of September 1st, 2017.

The Virtual Spec Sample (VSS) is the perfect program to satisfy all your custom design needs. Fersten Worldwide's **TEAM OF GRAPHIC SPECIALISTS** will work closely with you to develop great new design ideas. Send us your corporate artwork, select the outerwear, apparel and/or headwear style of your choice, and receive a virtual sample in no time! This program gives you the opportunity to merchandize both individual orders and full programs and benefit from **FASTER TURNAROUND & DESIGN FLEXIBILITY.**

FW 8 www.fersten.com

Take advantage of the exclusive free spec sample (fss) program.

FSS free spec sample program

Choose any style of outerwear, apparel and/or headwear and let the team of experts at FW decorate it with your corporate logo. Decorate selected product either domestically with the experienced in-house decorating department or send it overseas for **ENDLESS POSSIBILITIES**. Once your sample is finalized and quality control approved, it will be **SHIPPED TO YOU**. Impress customers with a sample in hand and leave nothing to the imagination.

Contact our knowledgeable Customer Satisfaction Department or visit www.fersten.com now to discover the quality products and services FW has to offer.

*All outerwear and wellness styles are not included for free in this program. Spec Samples for these categories have a 50% discount.

HEAT TRANSFER

FERSTEN WORLDWIDE is proud to offer **HEAT TRANSFER** as one of its latest decoration techniques. High in demand within the industry, this modern technique has numerous benefits and fewer limitations when creating uniquely decorated apparel, outerwear and headwear pieces.

- Display your logo almost anywhere
- pockets, hemlines, collars – you name it!
- Replicate detailed logos and gradient colors with no trouble at all
- Limitless color choices and PMS color matching
- Create highly visible logos with 3M™ reflective transfers
- Maintain fabric waterproofness (no needle holes)

OUTERWEAR

OUTERWEAR

FW continues to build on its **PERFORMANCE DRIVEN OUTERWEAR COLLECTION** designed with the most technologically advanced fabrics and features by introducing a variety of jackets, including safety, lightweight Nylon, heavyweight Wool blend, thermal UV, 3-in-1, softshells, classic jackets, car coats, technical sweaters and more.

These jackets are always in stock and are loaded with enhanced features such as seam sealing, advanced breathability, waterproofness, audio port access and the E-Zip™ Embroidery System. The **E-ZIP™ EMBROIDERY SYSTEM** allows the garment to be decorated while maintaining the integrity of the design, both inside and out.

ICON DESCRIPTIONS

Waterproof Fabric

The garment's fabric is tested and certified as waterproof; built to keep you dry by keeping water from penetrating the fabric.

Safety

Safety

This garment is designed to meet "Class 3" safety standards at work places with potential hazards.

WARMTH RATING

Warmth Rating

The FW warmth rating system gives the user a temperature guideline for thermal comfort.

Breathable Fabric

The fabric of the garment is breathable and will keep you dry by allowing moisture to be diffused.

Detachable Hood

Detachable Hood

The garment may be worn with or without the hood.

Reversible Jacket

Reversible

This garment is designed to be reversible - offering two styles in one.

Critical Seam Sealed

The garment has a waterproof tape on seams located in areas most prone to water and wind exposure to enhance the garment's overall waterproofness.

Packable

Packable

This garment has the ability to be packed into a self-pouch by folding the jacket into the right side pocket.

E-Zip™ Embroidery System

E-Zip™ Embroidery System

The hidden zippered opening located on the interior left side allows the garment to be decorated while maintaining the integrity of the design, both inside and out.

Fully Seam Sealed

The garment has a waterproof tape on all seams guaranteeing complete waterproofness of the jacket.

Thermal Fabric

Thermal Fabric

As heat is generated by movement or other sources of energy, such as the sun, this lightweight performance thermal fabric locks in the warm air guaranteeing superior thermal insulation.

Identity Theft Security Pocket

Identity Theft Security Pocket

This garment is constructed with an interior security pocket made of specialized Anti-RFID fabric which blocks wireless signals from accessing sensitive data from all your RFID-chip related items.

PERFORMANCE

Strategically crafted to allow for **ENHANCED MOISTURE MANAGEMENT AND BREATHABILITY**, the FW Performance Apparel collection offers polos and sport shirts in a variety of fabrics and designs. From Wellness to Golf, these styles are sure to be a perfect fit for any active lifestyle. Each of the styles showcased in the Performance Collection is available to be custom decorated with any of the **30+ INNOVATIVE DECORATIONS TECHNIQUES EXCLUSIVELY FROM FERSTEN WORLDWIDE.**

ICON DESCRIPTIONS

Organic Cotton: Cotton grown/cultivated using only processes that do not harm the environment.

Bamboo: Fabric blended with bamboo fibers, a sustainable resource, that has natural wicking properties & anti-bacterial capabilities, while protecting you from dangerous UV Rays.

Anti-Bacterial: Fabric finish highly effective for eliminating bacteria causing perspiration odors, and keeping you feeling fresh.

3M Scotchlite Reflective Material: Reflective material for enhancing visibility and safety.

FERST-DRY™ Moisture Wicking: Fabric feature where moisture is drawn away from the body by transferring it to the fabrics' outer layer, allowing it to evaporate quickly. FERST-DRY™ Moisture Wicking fabrics dry very rapidly, keeping you cool & dry.

FERST-FIT™: Fitted cap designed with an inner elastic to maintain its shape, providing ultimate comfort and great fit.

Stretch with Lycra: Fabric blended with Lycra providing stretch to allow for greater movement and added comfort.

UV: Finish applied to fabric for protection from harmful UV Rays.

COTTON

The most sought after **COTTON STYLES** are right here. Cotton piqué, bamboo cotton, jersey t-shirts & polos, long sleeves, short sleeves and more are available in stock all year for any program. Transform these styles into one of a kind pieces by decorating them with FW's new **FABRIC APPLIQUÉ & REVERSE APPLIQUÉ** techniques or with the popular **3D PUFF & FLAT EMBROIDERY**.

ICON DESCRIPTIONS

Organic Cotton: Cotton grown/cultivated using only processes that do not harm the environment.

Bamboo: Fabric blended with bamboo fibers, a sustainable resource, that has natural wicking properties & anti-bacterial capabilities, while protecting you from dangerous UV Rays.

Anti-Bacterial: Fabric finish highly effective for eliminating bacteria causing perspiration odors, and keeping you feeling fresh.

3M Scotchlite Reflective Material: Reflective material for enhancing visibility and safety.

FERST-DRY™ Moisture Wicking: Fabric feature where moisture is drawn away from the body by transferring it to the fabrics' outer layer, allowing it to evaporate quickly. FERST-DRY™ Moisture Wicking fabrics dry very rapidly, keeping you cool & dry.

FERST-FIT™: Fitted cap designed with an inner elastic to maintain its shape, providing ultimate comfort and great fit.

Stretch with Lycra: Fabric blended with Lycra providing stretch to allow for greater movement and added comfort.

UV: Finish applied to fabric for protection from harmful UV Rays.

SWEATERS PULLOVERS & HOODIES

Discover FW's vast selection of Sweaters, Pullovers and Hoodies - perfect layering pieces for the office and for weekend fun! From cardigans to hoodies and dress shirts, each style is designed with a **CASUAL APPEAL AND QUALITY FABRICS**.

ICON DESCRIPTIONS

Organic Cotton: Cotton grown/cultivated using only processes that do not harm the environment.

Bamboo: Fabric blended with bamboo fibers, a sustainable resource, that has natural wicking properties & anti-bacterial capabilities, while protecting you from dangerous UV Rays.

Anti-Bacterial: Fabric finish highly effective for eliminating bacteria causing perspiration odors, and keeping you feeling fresh.

3M Scotchlite Reflective Material: Reflective material for enhancing visibility and safety.

MOISTURE WICKING

FERST-DRY™ Moisture Wicking: Fabric feature where moisture is drawn away from the body by transferring it to the fabrics' outer layer, allowing it to evaporate quickly. FERST-DRY™ Moisture Wicking fabrics dry very rapidly, keeping you cool & dry.

FERST-FIT™: Fitted cap designed with an inner elastic to maintain its shape, providing ultimate comfort and great fit.

Stretch with Lycra: Fabric blended with Lycra providing stretch to allow for greater movement and added comfort.

UV: Finish applied to fabric for protection from harmful UV Rays.

WINTER

Stay warm and cozy with any of **FW'S WINTER STYLES**. Choose from a vast selection of knit beanies, tuques, polar fleece sets, scarves, gloves, mittens, and much more. Make these styles your own by decorating them with **DEBOSSING, EMBROIDERY AND LASER ETCHING**, among many other techniques, to create a custom look.

ICON DESCRIPTIONS

Organic Cotton: Cotton grown/cultivated using only processes that do not harm the environment.

Bamboo: Fabric blended with bamboo fibers, a sustainable resource, that has natural wicking properties & anti-bacterial capabilities, while protecting you from dangerous UV Rays.

Anti-Bacterial: Fabric finish highly effective for eliminating bacteria causing perspiration odors, and keeping you feeling fresh.

3M Scotchlite Reflective Material: Reflective material for enhancing visibility and safety.

FERST-DRY™ Moisture Wicking: Fabric feature where moisture is drawn away from the body by transferring it to the fabrics' outer layer, allowing it to evaporate quickly. FERST-DRY™ Moisture Wicking fabrics dry very rapidly, keeping you cool & dry.

FERST-FIT™: Fitted cap designed with an inner elastic to maintain its shape, providing ultimate comfort and great fit.

Stretch with Lycra: Fabric blended with Lycra providing stretch to allow for greater movement and added comfort.

UV: Finish applied to fabric for protection from harmful UV Rays.
